

# Risk Acknowledgment for Djobzy Token Investment

## Investment Risks

**Risk of Loss** - You could lose your entire investment.

**No Regulatory Approval** - No regulatory authority has reviewed, approved, or endorsed this investment.

**Six months hold period** - You won't be able to sell your investments for at least 6 months from your purchase date.

**No Guaranteed returns** - There are no guarantees of returns on investment.

**Market volatility risks** - may result in unpredictable and significant price fluctuations in financial markets

**Regulatory uncertainty** - Regulations governing cryptocurrencies and digital assets vary significantly across countries and regions, and investors should be aware of the regulatory environment in their jurisdiction.

**You will not receive advice** - You will not get professional advice about whether the investment is suitable for you, but you can still seek that advice from a registered adviser or registered dealer.
